

**Construction Update  
Casey Middle School  
April 2009**

**Construction Overview**

- Demolition is nearly 100 percent complete.
- Installation of utilities continues and will be complete in April. This work will cause some minor traffic disruption on 14<sup>th</sup>, High and North streets.
- Caisson drilling, excavation and foundation construction will continue through April.

**What you need to know**

Parking	To avoid adding to on street parking congestion Saunders Construction is investigating alternative parking options for workers.
Traffic	There will be some minor disruption to traffic on 14 <sup>th</sup> , High and North streets in April due to utility work. Traffic control personnel will direct traffic around the work.
Bike, pedestrian and neighborhood access	The 13 <sup>th</sup> street sidewalk has been closed and will remain closed during construction. Access to the site is restricted. The hill on the north side of the property will be closed to sledding for the duration of construction.
Noise	Standard construction noise (back up alarms, heavy equipment, etc.) during work hours.
Smells	None to report at this time.
