

**Construction Update
Broomfield Heights Middle School
October 2011**

Construction Overview

The contractors are currently working on the new Cafetorium expansion and the cafeteria will be closed until October 31st to complete that work. In November, the Stage will still be under construction, but separated from the cafetorium. The auxiliary gym will be used as a temporary cafeteria until the new area is complete and part of the parent drop-off lane in front of the school is closed to accommodate that expansion. The landscaping is complete in the front of the building. The remodel of special education, art, music, IMC (library), kitchen, computer labs, select window replacements and administration are complete. The contractors should be 100% complete by November 30, 2011.

What you need to know

Parking	Parking is still in the main lot.
Pick up/Drop off	There are some lane restrictions for parent pick-up/drop-off until the Cafetorium is completed.
Traffic	Construction deliveries will continue, but be coordinated with school schedules.
Bike and pedestrian access	Should not be affected.
Deliveries	Will continue for construction through November.
Utility disruption	None scheduled.
Noise	Work in the Cafetorium will continue with some noise.
Smells	Painting will create some odors until completion.
Evacuation routes	Normal except for the Cafetorium.
Daily routine/internal traffic patterns	Normal except for the Cafetorium.

(lunch, recess, etc.)
