June 1, 2011

Dear Community Montessori Families –

As you know, this summer the next phase of construction for Bond Program improvements at Community Montessori will take place. These improvements will include roof repairs, interior remodeling and limited site work. Specific details about the construction activities were included in the April "Buzz." Updated information about the planned parking and traffic improvements at the school can be found on our Bond website at:

<http://www.bvsd.org/bondproject/schools/Pages/montessori.aspx>.

Construction on the next phase will begin in June and will be wrapped up for the start of school in August. Some asbestos abatement work will occur in conjunction with the summer construction. The final phase of construction, which will entail renovating the Community Schools offices into learning spaces, will begin in January 2012 and will be complete by August 2012. Construction equipment and personnel will be present on the site at various times over the next year. Crews will do what they can to limit the impact of construction activities on the school.

Safety and security for students and staff during construction is our top priority. Our message to students will be, "Respect the boundaries and stay safe." Faculty and staff will work to convey this to students. You can help by reinforcing this message at home. The construction areas will be separated from the rest of the school by fences and/or construction walls that are clearly marked with warning signs. Workers will have separate foot traffic entrances/exits for the construction area. All construction workers who have completed a BVSD safety orientation and are authorized to be on site will have numbered project stickers on their hard hats.

During construction, your new principal will be meeting regularly with the construction company and the project manager. You will be provided updates as necessary about how construction activities will affect you and your student in the upcoming weeks.

If you have any questions regarding the Bond work, please contact the Project Manager, John Bollinger at 720-561-5113 or john.bollinger@bvsd.org.

Thank you for your continued support of Community Montessori. We hope you share our excitement for the great changes coming our way.

Sincerely,

Marlene Skovsted
Principal
Community Montessori
