School district officials have a responsibility to keep the schools in session except under the most extreme conditions. In the case of extreme inclement weather, parents are requested to make the decision regarding attendance or late arrival of their children. A personal contact by the parent or a written note to school building officials will excuse a student's late arrival or absence during these conditions.

Several district officials and appropriate weather/traffic sources are contacted during extreme weather conditions to obtain judgments and recommendations regarding possible school closings.

Administrative Bulletin 11-02

Dated: September 1, 2011

In any type of school closing, supervisory personnel will take reasonable precautions to assure the safety of all students and employees and the security of all equipment and facilities within their areas of responsibility.
