Boulder, CO 80305

The Chandelier that Delivers the Sun!

Sundolier™ Harvester

Sundolier™ In-room Fixture

Background: This Spring, Sunflower Corporation installed the first Sundolier™ active daylighting system in the Boulder Valley School District. The Sundolier™ is a chandelier that distributes natural sunlight to interior rooms by washing ceilings with daylight, creating the highest quality natural lighting experience available. Students are proven to learn faster in Daylight environments, and the Sundolier™ offers a zero carbon lighting solution!

Agenda

10:00 – 10:15
