

"Fuel the Cyclones"
Centennial Middle School Fundraiser - 2009

Dear Centennial Families,

We are excited for Centennial Middle School's one and only fundraiser of the year, "Fuel the Cyclones." This is the 2nd year of the Fuel the Cyclones campaign and we are partnering with our PTO for a strong fundraising experience. From now through October 31st, we are asking our families and community members to make a donation to Centennial which will be distributed to directly benefit students!

We have recently moved away from student-driven magazine sales campaigns for a variety of reasons. We believe that this direct contribution format provides a more equitable and responsible fundraising effort. It allows families to contribute directly to their school in a meaningful manner.

Please remember that no donation is too small; all contributions will be accepted and put to good use. Our Goal is to raise \$35,000 to put directly toward the educational benefit of all students.

All contributions are tax deductible. **If you are able to contribute, please make checks payable to "Centennial."** Your contributions directly impact the education we provide for each and every student. Thank you for your generous support!

**Thank you very much for your support of
Centennial Middle School!**

Please detach here and return bottom portion with your donation in the green envelope (included).
