

## **Columbine School Improvement Team (SIT)**

February 09, 2009

*Attendees:* Francine Alberts, Edgar Chavarria, Cindy Kaier, Mark Lartner, Boyd McCollum, Melissa Oviatt, Sue Parsons, Jeanette Scotti, Amy Shoffner, David Sterling

**AGENDA** – Select Anglo parents (current & prospective) for the Programmatic Visioning Team

The SIT team met to select the two current Anglo parents and two prospective Anglo parents for the Programmatic Visioning team. The SIT discussed whether the selection should still be blinded as the personal information of candidates gives away some of their identities. The SIT did make a commitment at the larger meeting on 1/28/09 to have a blind selection based on qualifications. As there was no way to keep it completely blind based on the information, the SIT committed to letting the qualifications drive the selection as much as possible.

### **Procedure Used**

Each candidate was assigned an alpha code (A, B, C, etc.). Cindy Kaier, as a nonvoting participant, read the responses candidates had to the 7 questions provided. After all the candidates responses were read, each SIT member voted on their top 2 candidates. The scores were tallied and the two candidates receiving the most total votes were selected.

There were 4 candidates for the current parent positions. There were 5 prospective parent candidates.

The initial vote of candidates showed the choices for the current and prospective parents were clear cut.

### **Results**

*Current Anglo parents:* Jen McDiarmid, Sara King

*Prospective Anglo parents:* Eric Dobbs, Micah Parkin

### **Additional Item:**

Previously, SIT minutes in the fall were not kept and the last 2 meetings minutes were sent out before being approved.

*Action:* SIT meeting minutes will be sent for review by the participants and approved. Approved minutes will be posted online and in a SIT binder kept in the front office at the school.

**Next Meeting:** February 11, 2009 – Library, Columbine Elementary
