COMBINED GENERAL FUND

General Operating Fund: This fund is the major operating fund of the district. It is used to account for all financial resources of the district, except those required to be accounted for in another fund.

Technology Fund: This fund includes the expenditures for a four-year computer replacement program as well as staff training and software as needed. These funds were approved by voters in the November 1, 2005, election.

Athletics Fund: This fund includes the expenditures for interscholastic sports for grades 8-12 and intramural athletics at all grade levels. Revenues include a transfer from the General Operating Fund as well as student participation fees and game admissions. The activities related to interscholastic sports for charter schools are recorded within the individual charter school's budget.

Preschool Fund: This fund was established by the voter-approved 2010 Mill Levy and will account the monies associated with the operation of tuition-based preschool programs at the Mapleton Early Childhood Center and 19 elementary schools.

Colorado Preschool Program Fund: A portion of a school district's per pupil operating revenue must be allocated to the district's Colorado Preschool Program as a result of Senate Bill 01-123. This fund accounts the required expenditures of those funds.

Risk Management Fund: This fund accounts for the resources used for the district's risk management activities including liability, property, and workers' compensation insurance.

Community Schools Fund: The Community Schools Fund is used to account for the district's educational and enrichment opportunities provided through extended use of Boulder Valley School District facilities.

For The Three Months Ended September 30, 2016

Activities for the first three months of the 2016-17 fiscal year are presented in the accompanying financial statements.

In the presentation of current year activity, the Adopted Budget column includes the budget adopted by the Board of Education in June 2016 for the 2016-17 fiscal year. The Adjusted Budget column includes amounts from the Adopted Budget plus or minus approved budget transfers. The Adjusted Budget column for prior year's activity includes the 2015-16 Adopted Budget plus or minus budget transfers.

General Operating Fund

General Operating Fund revenues are 8.8% of budget through September 30, 2016, compared to 8.0% of budget in the prior year. Analysis of total revenues shows a collection pattern similar to last year with the following notable items:

- 1. Current property, budget election, and tax credit and abatements revenues are consistent with the prior year and in line with budgeted expectations. Historically, approximately 95.5% of property tax revenues are collected in the second half of the fiscal year.
- 2. Total specific ownership tax collections increased by \$102,287 (4.7%), which are derived from automobile registrations within district boundaries.
- 3. School Finance Act-State Share revenues decreased from the prior year. State Share payments through the first three months of the prior year were higher than necessary, as the State underestimated property value increases. The State later reduced fiscal year 2015-16 State Share monthly payments to the district. By the end of the year, fiscal year 2016-17 State Share payments are expected to increase slightly over the prior year, as total program funding is expected to increase at a rate slightly higher than projected property value increases.
- 4. Differences in State Categorical revenues are based upon timing of receipts. The majority of Special Education payments were received in the first quarter this year, but not received until earlier in the second quarter in the prior year. Payments for Vocational Education and Talented and Gifted programs will be received in the upcoming quarters. READ Act revenues for the year have been collected in full through September 30, 2016; the 2016-17 Revised Budget will be adjusted accordingly.

Other revenue categories are in line with budgeted expectations and historical trends.

For The Three Months Ended September 30, 2016

As of September 30, 2016, General Operating Fund expenditures total \$55.2 million (20.1% of budget), compared to \$51.6 million (19.4% of budget) in the prior year.

General Operating Fund personnel expenditures increased approximately \$3.1 million (6.7%) over the prior year, as 10 month salaried employees (i.e. teachers) have worked 2 additional contract days compared to this time last year (a 5.7% increase). See Appendix A for additional details. Employees also received a 1.2% cost of living adjustment, and a 0.65% average increase in the required PERA contribution.

General Operating Fund non-personnel expenditures are 28.4% of budget, compared to 25.1% of budget in the prior year, and increased \$572,919, due primarily to the timing of purchases.

The General Operating Fund deficit as of September 30, 2016, is approximately \$9.6 million. Beginning in October 2016, the district's cash deficit will be covered from proceeds from the State of Colorado Interest Free Loan Program. In June 2016, the board of education approved Resolution No. 16-24, which authorizes the district to borrow up to \$120 million under this program. Overall, first quarter results of operations for the General Operating Fund are on target with budgeted amounts for the current year.

Technology Fund

Total revenues for the Technology Fund are 33.5% of budget through September 30, 2016, compared to 22.6% in the prior year. The variance in Miscellaneous Local Revenue is due partially to the timing of collection of E-Rate funds. In addition, the district sold excess IP addresses to the City of Longmont for approximately \$144,000, which was a one time sale and will be included in the Revised Budget.

Personnel expenditures for the Technology Fund relate to substitutes only and are contingent on the timing and need for planned technology training.

Non-personnel expenditures are 15.5% of budget through September 30, 2016, compared to 4.8% for the prior year, due primarily to the timing of various purchases, including Chromebook purchases for the 1:Web pilot program and certain software license agreements.

The fiscal year 2016-17 Adopted Budget includes ending fund balance of \$626,394, which will support the 1:Web pilot program in subsequent years. Activities of the Technology Fund are in line with budgeted expectations and are on track to end the year with fund balance in excess of required TABOR reserves.

For The Three Months Ended September 30, 2016

Athletics Fund

Athletics Fund revenues are 23.8% of budget for the 2016-17 fiscal year compared to 21.4% for the prior year. Efforts have increased to collect and record revenues more quickly at the school level and at the district level, which has contributed to a increase in revenues through the first three months of the year.

Athletics Fund Expenditures are 16.7% of budget for the 2016-17 fiscal year compared to 16.9% for the prior year. Overall, the fund is in line with budgeted expectations and is anticipated to end the year with fund balance in excess of required reserves.

Preschool Fund and Colorado Preschool Program Fund

Tuition revenue decreased slightly from the prior year but remains in line with budgeted expectations for the year. Personnel expenditures are up 4.0% over the prior year, which is due primarily to a 1.2% cost of living adjustment and a 0.65% average increase in the required PERA contribution. In addition, certain preschool staff are on regular teacher contracts, and have worked an additional 2 days compared to this time last year (a 5.7% increase). See Appendix A for additional details. Non-personnel expenditures are in line with budgeted expectations and the fund is expected to end the year with fund balance sufficient to meet required reserves.

The Colorado Preschool Program (CPP) Fund is used to account for activity related to the Colorado Preschool Program and Early Childhood At-Risk Enhancement (ECARES) program, as determined by the State. As of September 30, 2016, the CPP Fund accounts for 334 CPP slots and 131 ECARES slots. CPP Expenditures are in line with budget and the fund is expected to end the year with fund balance sufficient to meet required reserves.

For The Three Months Ended September 30, 2016

Risk Management Fund

Risk Management Fund revenues and expenditures are consistent with budget and expectations. Premiums for property and liability insurance are paid in the first two months of the fiscal year, though none of the workers' compensation premiums are due until the second quarter. As a result, expenditures are 27.1% of budgeted amounts at September 30, 2016. All projects related to flooding during September 2013 were completed in the prior year.

Community Schools Fund

Community Schools Fund revenues for the fiscal year 2016-17 decreased 14.3% over the prior year. Revenues as a percentage of budget are lower in the current year (22.2%) compared to the prior year (27.0%).

Facility Use rental hours and related revenues increased approximately \$21,000 from the prior year due to an additional camp this year.

Kindergarten Enrichment revenue is down approximately \$268,000 compared to the first three months of the prior year, due primarily to the timing of tuition receipts. In the prior year, the district offered the option to pre pay tuition for a 5% discount (108 families participated). This year revenues will be collected over the standard nine month billing period. Enrollment as of September 30, 2016 is down 26 students (2.8%) from the prior year. In addition, tuition rates increased by 4.0% to align with market rates for similar services.

Lifelong Learning revenues decreased 7.1% from the prior year, due primarily to decreased adult and student class enrollment.

School Age Care revenues increased 4.7% from the prior year, due primarily to an increase in average monthly tuition of 4.0% to align with market rates for similar services.

Community Schools Fund expenditures are 16.7% of budget, which is comparable to the prior year (17.3%). Personnel expenditures increased 2.1% over the prior year due to a 1.2% cost of living adjustment and a 0.65% average increase in the required PERA contribution. Non-personnel expenditures are 19.8% of budget expenditures, compared to 20.8% in the prior year.

OTHER FUNDS

Food Services Fund: This fund accounts for all financial activities associated with the district's food services program.

Governmental Designated-Purpose Grants Fund: This fund is provided to account for monies received from various federal, state, and local grant programs.

Transportation Fund: This fund accounts for all the transportation services of the Boulder Valley School District. It was developed after voters approved the Transportation Mill Levy in November 2005.

Bond Redemption Fund: This fund is authorized by Colorado law. It provides revenues based upon a property tax mill levy set by the school board to satisfy the district's bonded indebtedness on an annualized basis.

2014 Building Fund: This fund is required by Colorado law and is used to fund ongoing capital needs such as site acquisition, major maintenance, and equipment purchases that are funded through the issuance of long-term debt.

Capital Reserve Fund: This fund is required by Colorado law and is used to fund ongoing capital needs such as site acquisition, major maintenance, and equipment purchases.

Health Insurance Fund: The Health Insurance Fund accounts for claims and administrative fees of the district's self-funded health insurance employee benefit program.

Dental Insurance Fund: The Dental Insurance Fund accounts for claims and administrative fees of the district's self-funded dental insurance employee benefit program.

Notes to the Other Funds Financial Statements For The Three Months Ended September 30, 2016

Food Services Fund

Total revenues of the Food Services Fund increased 14.9% through September 30, 2016, compared to the prior year. 2016-17 lunch Average Daily Participation (ADP) is up 0.6% over the prior year, and there were 30 serving days through September 30, 2016, compare to 28 days through September 30, 2015. In addition, the district approved an increase in the General Fund transfer and a \$0.25 increase in the per meal lunch price.

Personnel expenditures of the Food Services Fund are 14.3% of budget compared to 14.9% of budget in the prior year. In total, personnel costs have increased 9.4% over the prior year due to a slight increase in FTE for drivers and a hiring assistant, in addition to a 1.2% cost of living adjustment and a 0.65% average increase in the required PERA contribution. Food and supplies costs are consistent with the prior year, as a percentage of food sales. Purchased services increased slightly due to the use of a temporary employment agency to fill production kitchen vacancies and the timing of a software license fee, which was paid earlier in the current year than in the prior year.

September 30, 2016 fund balance of the Food Services Fund is \$343,331, up from \$225,866 at September 30, 2015. The fund is projected to end the year with a positive balance sufficient to meet required reserves.

Transportation Fund

Total revenues of the Transportation Fund are 7.5% of budget, which is due to the large majority of property taxes being collected in the second half of each fiscal year. Other local revenues relate primarily to third party charges for bus use, and increased \$34,573 (48.7%) from the prior year.

Personnel expenditures of the Transportation Fund are 14.3% of budget compared to 15.6% of budget in the prior year. In total, personnel costs have decreased 6.4% from the prior year, which is due to a slight decrease in driver hours and larger than projected retirement payouts in the first quarter of fiscal year 2015-16. These decreases were offset by a 1.2% cost of living adjustment, and a 0.65% average increase in the required PERA contribution. Non-personnel expenditures decreased \$114,554, due primarily to approximately \$100,000 in fuel cost savings and an increase of approximately \$34,000 in internal charges for field trips.

The Transportation Fund deficit fund balance at September 30, 2016, is a result of the timing of revenue receipts. Expenditure trends will continue to be monitored. An additional transfer from the General Fund will be included in the Revised Budget to maintain the current level of transportation services and to ensure the Transportation Fund ends the year with a positive balance sufficient to meet required TABOR reserves.

Notes to the Other Funds Financial Statements

For The Three Months Ended September 30, 2016

Bond Redemption Fund

The Bond Redemption Fund accounts for the receipt of property taxes from mills levied specifically to repay the district's voter approved general obligation bonds. Fund balance increased from \$33.7 million in the prior year to \$38.7 million in the current year, primarily due to planned increases in principal and interest payments related to \$250.0 million of general obligation bonds issued in April of 2015, as approved by voters November 2014. Current fund balance is necessary to make principal and interest payments in December 2016 and June 2017. Only nominal property tax revenues will be received from September 2016 to February 2017.

2014 Building Fund

The 2014 Building Fund accounts for activity related to the fulfillment of the district's Educational Facilities Master Plan, which is funded by general obligation debt approved by voters in November 2014. Revenues primarily represent investment earnings and a contribution from Summit Middle Charter School. As anticipated, expenditures through September 30, 2016, include preliminary project planning, conceptual design and engineering work and construction on several projects across the district. See the district's website for comprehensive information on the entire bond program. The following is a summary of project costs through September 31, 2016:

| Project Name | Prior | 2016-2017 | Pro | ject To Date |
|--|------------------|------------------|-----|--------------|
| Broomfield Heights Middle | \$ 9,193,090 | \$ 2,242,125 | \$ | 11,435,215 |

| Total | \$ 69,729,445 | \$ 27,135,203 | \$ | 96,864,648 |

Notes to the Other Funds Financial Statements

For The Three Months Ended September 30, 2016

Capital Reserve Fund

Capital Reserve Fund revenues are consistent with budgeted expectations, as anticipated.

Capital Reserve Fund expenditures are 13.1% of budget compared to 34.4% of budget in the prior year and have decreased approximately \$841,000, due primarily to planned capital projects that were in process or completed through the first three months of the prior year, including track and field repair projects at certain high schools (approximately \$301,000), the purchase of four mowers (approximately \$70,000) and costs to outfit certain vehicles acquired under the district's white fleet vehicle lease agreement (approximately \$313,000). Budgeted expenditures for the current year include planned school health and safety repairs, mechanical systems repairs, maintenance support, and vehicle replacements.

Health and Dental Insurance Funds

The following table shows the balance sheets of the Health Insurance and Dental Insurance Funds as of September 30, 2016:

| | Health Insurance | Dental surance |
|---------------------------------------|---------------------|-------------------|
| Assets Cash and investments | \$ 6,894,665 | \$ 649,946 |
| Liabilities Claims liabilities | \$ 1,066,778 | \$ 166,945 |
| Fund Balance Unrestricted | 5,827,887 | 483,001 |
| Liabilities and fund balance | \$ 6,894,665 | \$ 649,946 |

Notes to the Other Funds Financial Statements For The Three Months Ended September 30, 2016

Contributions to the health and dental insurance funds as a percentage of budgets are comparable to the prior year, as expected. As a result of positive claims experience and fund balance in excess of reserves recommended by the district's actuary, both employer and employee health and dental contribution rates were held constant from fiscal year 2015-16 to fiscal year 2016-17. Miscellaneous revenue in the current year relates to Cigna's contribution towards costs of the district's nurse care coordinator. In the prior year, Cigna paid the Boulder Valley IPA directly. Accordingly, current year costs for the wellness program have also increased. The Revised Budget will be updated to reflect the change in Cigna's funding methodology.

Total expenses of the health and dental insurance funds, including claims paid, are considered consistent with amounts budgeted for the fiscal year. Annual costs of the employee assistance program were paid in the first quarter of the current year, compared to the second quarter in the previous year. Overall, current year revenues and expenditures are in line with budgeted expectations for fiscal year 2016-17.

COMPONENT UNITS

Charter School Fund: This fund consists of five charter schools: Summit Middle School, Boulder Preparatory High School, Horizons K-8 School, Justice High School, and Peak to Peak Charter School. The schools have separate governing boards but are dependent upon the district for the majority of their funding.

^{*} NOTE: The Actual and Budgeted Year End Fund Balance columns present ending balances net of budgeted reserves.

APPENDIX A: Personnel Expenditure Analysis

The district's Lawson/Infor Contracts Management module records expenditures for salaried employees on an accrual basis, based on the number of contract days worked in each period, even though their actual payments might be spread evenly throughout the year. Accordingly, quarterly personnel expenditures might appear inconsistent year to year based on the number of contract days within each calendar month. Given personnel costs represent over 90% of total district expenditures, minor changes in contract days can have a significant impact on total expenditures. For example, the following represents a summary of contract days for a typical teacher and might be useful in analyzing current year personnel expenditures for certain funds, when compared to the prior year.

Comparison of Teacher Contract Days:

| | Quarter Ending September 30 | Quarter Ending December 31 | Quarter Ending March 31 | Quarter Ending June 30 |
|---|--------------------------------|----------------------------|-------------------------|------------------------|
| YTD Contract days - fiscal year 2016-17 | 37 | 88 | 145 | 186 |
| YTD Contract days - fiscal year 2015-16 | 35 | 88 | 145 | 186 |
| YTD Difference in contract days | 2 | - | - | - |
| % Difference | 5.7% | 0.0% | 0.0% | 0.0% |

In addition, the district employs a large number of hourly employees, who generally only work when students are in school (i.e. bus drivers, food service staff, para-educators). Expenditures for hourly employees are also impacted by the annual payroll calendar and deadlines for processing pay for hourly employees. For example, in one year the November 30 payday might pay hourly employees through November 9, and in another year might pay employees through November 15. The following represents a summary of the number of school days impacting hourly personnel expenditures and might be useful in analyzing current year hourly personnel costs for certain funds, when compared to the prior year.

Comparison of School Days Impacting Hourly Personnel Expenditures:

| | Quarter Ending September 30 | Quarter Ending December 31 | Quarter Ending March 31 | Quarter Ending June 30 |
|---------------------------------------|-----------------------------|----------------------------|-------------------------|------------------------|
| YTD School days - fiscal year 2016-17 | 16 | 74 | 129 | 172 |
