COMBINED GENERAL FUND

General Operating Fund: This fund is the major operating fund of the district. It is used to account for all financial resources of the district, except those required to be accounted for in another fund.

Technology Fund: This fund includes the expenditures for a four-year computer replacement program as well as staff training and software as needed. These funds were approved by voters in the November 1, 2005, election.

Athletics Fund: This fund includes the expenditures for interscholastic sports for grades 8-12 and intramural athletics at all grade levels. Revenues include a transfer from the General Operating Fund as well as student participation fees and game admissions. The activities related to interscholastic sports for charter schools are recorded within the individual charter school's budget.

Preschool Fund: This fund was established by the voter-approved 2010 Mill Levy and will account the monies associated with the operation of tuition-based preschool programs at the Mapleton Early Childhood Center and 19 elementary schools.

Colorado Preschool Program Fund: A portion of a school district's per pupil operating revenue must be allocated to the district's Colorado Preschool Program as a result of Senate Bill 01-123. This fund accounts the required expenditures of those funds.

Risk Management Fund: This fund accounts for the resources used for the district's risk management activities including liability, property, and workers' compensation insurance.

Community Schools Fund: The Community Schools Fund is used to account for the district's educational and enrichment opportunities provided through extended use of Boulder Valley School District facilities.

3

For The Nine Months Ended March 31, 2017

Activities for the first nine months of the 2016-17 fiscal year are presented in the accompanying financial statements.

In the presentation of current year activity, the Adopted Budget column includes the 2016-17 Revised Budget approved by the Board of Education in January 2017. The Adjusted Budget column includes approved budget transfers. The Adjusted Budget column for prior year's activity includes the 2015-16 Revised Budget plus or minus budget transfers.

General Operating Fund

General Operating Fund revenues are 50.6% of budget through March 31, 2017, compared to 51.9% of budget in the prior year. Analysis of total revenues shows a collection pattern similar to last year with the following notable items:

- 1. Current property, budget election, and tax credit and abatements revenues are consistent with the prior year and in line with budgeted expectations. Historically, approximately 95.5% of property tax revenues are collected in the second half of the fiscal year.
- 2. Total specific ownership tax collections decreased approximately \$318,000 (3.2%), which are derived from automobile registrations within district boundaries. However, in the prior year Boulder County remitted an extra payment of approximately \$897,000 to the district in late March that should have been remitted in April. Without this additional prior year payment, specific ownership taxes would be up approximately \$584,000 (6.4%) compared to the prior year.
- 3. School Finance Act-State Share revenues decreased from the prior year. State Share payments through the first half of the prior year were higher than necessary, as the State underestimated property value increases. Midway through last year, the State reduced fiscal year 2015-16 State Share monthly payments to the district. By the end of fiscal year 2016-17 State Share payments are expected to increase slightly over the prior year, as total program funding has increased at a rate slightly higher than assessed property value increases.
- 4. Differences in State Categorical revenues are based upon timing of receipts. Payments for the Vocational Education program will be received in the last quarter and will be in line with budgeted expectations.
- 5. Medicaid reimbursements increased approximately \$380,000 from the prior year, due primarily to timing of the annual cost settlement received in the third quarter in the current year, compared to the fourth quarter in the prior year. Current year Medicaid reimbursements are expected to exceed budget, due to increased funding from the federal government and an increase in the district's Medicaid-eligible costs.

Other revenue categories are in line with budgeted expectations and historical trends.

For The Nine Months Ended March 31, 2017

As of March 31, 2017, General Operating Fund expenditures total \$198.1 million (72.6% of budget), compared to \$197.6 million (72.8% of budget) in the prior year.

General Operating Fund personnel expenditures increased approximately \$5.1 million (2.8%) over the prior year, due primarily to a 1.2% cost of living adjustment, a 0.65% average increase in the required PERA contribution and movement on the negotiated salary schedules.

General Operating Fund non-personnel expenditures are 54.3% of budget, compared to 58.3% of budget in the prior year. Over the same period, total expenditures decreased approximately \$4.6 million, due primarily to an allocation of costs to the Operations and Technology Fund related to the new mill levy approved by voters in November 2016. As of March 31, 2017, approximately \$5.5 million of maintenance and technology costs were allocated to the new fund, which is presented in the General Operating Fund as a reduction of expenditures (in Other Uses of Funds). Remaining differences in non-personnel expenditures are a result of differences in the timing of purchases.

The General Operating Fund deficit as of March 31, 2017, is approximately \$44.1 million. Beginning in October 2016, the district's cash deficit began to be covered from proceeds from the State of Colorado Interest Free Loan Program. In June 2016, the board of education approved Resolution No. 16-24, which authorizes the district to borrow up to \$120 million under this program. At March 31, 2017, the loan balance is \$24.8 million, which will be repaid in full in May 2017.

Technology Fund

Technology Fund revenues are 78.1% of budget through March 31, 2017, compared to 64.8% in the prior year. The variance in Miscellaneous Local Revenue is due partially to the timing of collection of E-Rate funds. In addition, the district sold excess IP addresses to the City of Longmont for approximately \$144,000 in a one-time sale.

Personnel expenditures for the Technology Fund relate to substitutes only and are contingent on the timing and need for technology training, which has been planned for the second half of the year.

Non-personnel expenditures are 28.3% of budget through March 31, 2017, compared to 26.8% for the prior year, due primarily to the timing of various purchases, including equipment and certain software license agreements. Up to an additional \$900,000 is expected to be spent on technology replacement in the last quarter of the year.

Fund balance (in excess of reserves) is expected to be approximately \$1,682,000 at June 30, 2017, which represents expected carryover of current year funds to fiscal year 2017-18 for the 1:Web program, the district's computer replacement program, instructional technology software support, and professional development of staff.

For The Nine Months Ended March 31, 2017

Athletics Fund

Athletics Fund revenues are 80.2% of budget for the 2016-17 fiscal year compared to 72.0% for the prior year. In addition to higher middle level enrollment, efforts have increased to collect and record revenues more quickly at the school level and at the district level, which has contributed to a increase in revenues through the first nine months of the year.

Athletics Fund Expenditures are 70.3% of budget for the 2016-17 fiscal year compared to 73.3% for the prior year. The slight decrease in non-personnel expenditures is due primarily to the timing of purchases. Overall, the fund is in line with budgeted expectations and is anticipated to end the year with fund balance in excess of required reserves.

Preschool Fund and Colorado Preschool Program Fund

Tuition revenue decreased slightly from the prior year, but remains in line with budgeted expectations for the year. Personnel expenditures are up 2.4% over the prior year, which is due primarily to a 1.2% cost of living adjustment and a 0.65% average increase in the required PERA contribution. Non-personnel expenditures are 54.5% of budget and are up approximately \$155,000 from the prior year, due to the timing of certain purchases and increased professional development. The Preschool Fund is expected to end the year with fund balance (in excess of reserves) of approximately \$75,000, a result of current year costs savings and will cover additional one-time staffing needs.

The Colorado Preschool Program (CPP) Fund is used to account for activity related to the Colorado Preschool Program and Early Childhood At-Risk Enhancement (ECARES) program, as determined by the State. As of March 31, 2017, the CPP Fund accounts for 334 CPP slots and 131 ECARES slots. CPP expenditures are in line with budget. The CPP Fund is expected to end the year with fund balance (in excess of reserves) of approximately \$74,000, a result of current year costs savings, which will cover additional one-time staffing needs.

For The Nine Months Ended March 31, 2017

Risk Management Fund

Risk Management Fund revenues are consistent with budget and expectations. Expenditures are 76.6% of budget in the current year, compared to 90.5% of budget in the prior year. Premiums for property and liability insurance are paid in the first two months of the fiscal year. However, workers' compensation premiums were paid in full as of March 31 in the prior year. The final quarterly invoice for the current year premium has been received and paid in May 2017. Management will continue to monitor outstanding claims.

Community Schools Fund

Community Schools Fund revenues through the third quarter of fiscal year 2016-17 increased 7.5% over the prior year. Revenues as a percentage of budget are higher in the current year (85.3%) compared to the prior year (82.0%), and remain slightly ahead of projections.

Facility Use rental hours and related revenues increased approximately \$36,000 from the prior year due to an additional summer camp this year.

Kindergarten Enrichment enrollment is down slightly, though revenue is up approximately \$229,000 (9.6%) compared to the prior year, due partially to improved billing and collection from counties for students eligible for reimbursement under the Colorado Child Care Assistance Program (CCCAP). In addition, tuition rates have increased 4.0% to align with market rates for similar services.

Lifelong Learning revenues are comparable to the prior year and in line with budget.

School Age Care revenues increased 10.1% from the prior year, due primarily to increased enrollment and an increase average monthly tuition of 4.0% to align with market rates for similar services. In addition, participation by students eligible for CCCAP funding increased over the prior year. As described above, CCCAP billing and collection from counties has also improved in the current year.

Community Schools Fund expenditures are 67.9% of budget, which is comparable to the prior year (69.3%). Personnel expenditures decreased slightly over the prior year related to decreased enrollment, offset by a 1.2% cost of living adjustment and a 0.65% average increase in the required PERA contribution. Non-personnel expenditures are 60.0% of budget expenditures, compared to 64.0% in the prior year. Community Schools Fund is expected to end the fiscal year slightly ahead of budgeted projections.

OTHER FUNDS

Food Services Fund: This fund accounts for all financial activities associated with the district's food services program.

Governmental Designated-Purpose Grants Fund: This fund is provided to account for monies received from various federal, state, and local grant programs.

Transportation Fund: This fund accounts for all the transportation services of the Boulder Valley School District. It was developed after voters approved the Transportation Mill Levy in November 2005.

Operations and Technology Fund: This fund accounts for certain operations and technology expenditures of the Boulder Valley School District. It was developed after voters approved the Operations and Technology Mill Levy in November 2016.

Bond Redemption Fund: This fund is authorized by Colorado law. It provides revenues based upon a property tax mill levy set by the school board to satisfy the district's bonded indebtedness on an annualized basis.

2014 Building Fund: This fund is required by Colorado law and is used to fund ongoing capital needs such as site acquisition, major maintenance, and equipment purchases that are funded through the issuance of long-term debt.

Capital Reserve Fund: This fund is required by Colorado law and is used to fund ongoing capital needs such as site acquisition, major maintenance, and equipment purchases.

Health Insurance Fund: The Health Insurance Fund accounts for claims and administrative fees of the district's self-funded health insurance employee benefit program.

Dental Insurance Fund: The Dental Insurance Fund accounts for claims and administrative fees of the district's self-funded dental insurance employee benefit program.

Food Services Fund

Revenues of the Food Services Fund increased approximately \$327,000 through March 31, 2017, compared to the prior year, as the district approved an increase in the General Fund transfer and a \$0.25 increase in the per meal lunch price. Lunch Average Daily Participation (ADP) is comparable to the prior year, down approximately 0.5%. A La Carte revenues decreased 31.9% from the prior year, as management replaced carbonated juice drinks in schools with a healthier alternative.

Personnel expenditures of the Food Services Fund are 70.8% of budget compared to 79.6% of budget in the prior year. In total, personnel costs have increased 1.7% over the prior year, due to a slight increase in FTE for drivers and a hiring assistant, a 1.2% cost of living adjustment and a 0.65% average increase in the required PERA contribution. These increases were offset by certain production kitchen vacancies. Food and supply costs are consistent with the prior year, as a percentage of food sales. Purchased services increased slightly due to the use of a temporary employment agency to fill production kitchen vacancies.

March 31, 2017, fund balance of the Food Services Fund is \$322,123, up from \$93,100 at March 31, 2016. The fund is projected to end the year with a positive balance sufficient to meet required reserves.

Transportation Fund

Total revenues of the Transportation Fund are 63.7% of budget, which is due to the large majority of property taxes being collected in the second half of each fiscal year. Other local revenues relate primarily to third party charges for bus use, and are comparable to the prior year, as anticipated.

Personnel expenditures of the Transportation Fund are 68.3% of budget compared to 74.4% of budget in the prior year. In total, personnel costs have decreased 0.5% from the prior year, which is due to a slight decrease in driver hours, certain current year vacancies in mechanics and larger than projected retirement payouts in the first quarter of fiscal year 2015-16. These decreases were offset by a 1.2% cost of living adjustment, and a 0.65% average increase in the required PERA contribution. Non-personnel expenditures increased approximately \$132,000 from the prior year, due primarily to a higher proportion of outsourced repairs, offset by fuel cost and parts savings and an increase in internal charges for field trips.

Fund balance (in excess of reserves) is expected to be approximately \$281,000 at June 30, 2017, which represents current year cost savings that will be used to establish a contingency reserve for fiscal year 2017-18.

Bond Redemption Fund

The Bond Redemption Fund accounts for the receipt of property taxes from mills levied specifically to repay the district's voter-approved general obligation bonds. The \$4.2 million increase in expenditures is due to planned increases in principal and interest payments related to \$250.0 million of general obligation bonds issued in April of 2015, as approved by voters November 2014. The majority of current year property taxes will be received in the last quarter of fiscal year 2016-17 and will be used to pay projected interest payment in June 2017 and principal and interest payments in December 2017.

2014 Building Fund

The 2014 Building Fund accounts for activity related to the fulfillment of the district's Educational Facilities Master Plan, which is funded by general obligation debt approved by voters in November 2014. Revenues primarily represent investment earnings, energy rebates and a contribution from Summit Middle Charter School. As anticipated, expenditures through March 31, 2017, include preliminary project planning, conceptual design and engineering work, and construction on several projects across the district. See the district's website for comprehensive information on the entire bond program. The following is a summary of project costs through March 31, 2017:

| PROJECT NAME | PRIOR | : | 2016-2017 | PRO | JECT TO DATE |
|--|------------------|----|------------|-----|--------------|
| Ongoing Projects: | | | | | |
| Meadowlark PK-8 | \$ 2,007,125 | \$ | 15,758,354 | \$ | 17,765,479 |

| Summit Middle | 5,630,377 | | 5,474,978 | | 11,105,355 |
| Whittier Elementary | 2,573,940 | | 5,166,145 | | 7,740,085 |
| Centaurus High | 2,825,175 | | 4,609,402 | | 7,434,577 |
| Broomfield Heights Middle | 9,193,090 | | 4,285,086 | | 13,478,176 |
| Southern Hills Middle | 3,873,609 | | 4,166,264 | | 8,039,873 |
| Other (design, technology, overhead, etc.) | 21,831,541 | | 16,206,325 | | 38,037,866 |
| Completed Projects: | | | | | |
| Prior Year Completed Projects | 10,200,000 | | - | | 10,200,000 |
| Sanchez Elementary | 2,652,391 | | 2,899,838 | | 5,552,229 |
| Other | 198,020 | | 1,448,422 | | 1,646,442 |
| Total | \$ 69,729,445 | \$ | 96,397,444 | \$ | 166,126,889 |

Capital Reserve Fund

Capital Reserve Fund revenues are 88.2% of budget and increased approximately \$2.2 million from the prior year. The largest increase relates to the acquisition of 17 passenger buses during fiscal year 2016-17, as approved by the Board of Education March 8, 2016. The purchase was financed with a capital lease purchase agreement, which requires the district to report capital lease proceeds revenue for the full value of the buses (\$1,855,550), and capital outlay expenditures in the same amount. The district made a similar purchase of 10 buses in the prior year, but not until the fourth quarter. In addition, the district received a grant of approximately \$97,000, included in miscellaneous revenue, towards the incremental costs of selecting more energy efficient propane buses.

Capital Reserve Fund expenditures are 67.2% of budget compared to 60.8% of budget in the prior year, due primarily to the bus purchase described above. Aside from the bus purchase and related debt service payments, annual expenditures relate to the timing of planned and unplanned facility repairs and fleet replacement costs. Prior year expenditures included track and field repair projects at certain high schools, the purchase of four mowers and costs to outfit certain vehicles acquired under the district's white fleet vehicle lease agreement. Current year expenditures include planned school health, safety and mechanical system repairs, athletic improvements, propane fueling stations, maintenance support, and vehicle replacements.

Fund balance (in excess of reserves) is expected to be approximately \$530,000 at June 30, 2017, which represents expected carryover of current year funds to fiscal year 2017-18 for planned school health and safety repairs, mechanical systems repairs, maintenance support, and vehicle replacements.

Health and Dental Insurance Funds

The following table shows the balance sheets of the Health Insurance and Dental Insurance Funds as of March 31, 2017:

| | Health Insurance | Dental Insurance |
|---------------------------------------|---------------------|---------------------|
| Assets Cash and investments | \$ 8,084,544 | \$ 742,915 |
| Liabilities Claims liabilities | \$ 1,066,778 | \$ 166,945 |
| Fund Balance Unrestricted | 7,017,766 | 575,970 |
| Liabilities and fund balance | \$ 8,084,544 | \$ 742,915 |

Contributions to the health and dental insurance funds are comparable to the prior year, as expected. As a result of positive claims experience and fund balance in excess of reserves recommended by the district's actuary, both employer and employee health and dental contribution rates were held constant from fiscal year 2015-16 to fiscal year 2016-17. Miscellaneous revenue in the current year relates to a pharmacy rebate of approximately \$558,000 and Cigna's \$105,000 contribution towards costs of the district's nurse care coordinator. In the prior year, Cigna paid the Boulder Valley IPA directly. Accordingly, current year costs for the wellness program have also increased.

Total expenses of the health and dental insurance funds, including claims paid, are considered consistent with amounts budgeted for the fiscal year. The health and dental insurance funds are projected to report June 30, 2017, fund balance of approximately \$7.4 million, which will be used to establish necessary reserves for 2017-18 and to minimize future contributions to the plans.

COMPONENT UNITS

Charter School Fund: This fund consists of five charter schools: Summit Middle School, Horizons K-8 School, Boulder Preparatory High School, Justice High School, and Peak to Peak Charter School. The schools have separate governing boards but are dependent upon the district for the majority of their funding.

^{*} NOTE: The Actual and Budgeted Year End Fund Balance columns present ending balances net of budgeted reserves.

APPENDIX A: Personnel Expenditure Analysis

The district's Lawson/Infor Contracts Management module records expenditures for salaried employees on an accrual basis, based on the number of contract days worked in each period, even though their actual payments might be spread evenly throughout the year. Accordingly, quarterly personnel expenditures might appear inconsistent year to year based on the number of contract days within each calendar month. Given personnel costs represent over 90% of total district expenditures, minor changes in contract days can have a significant impact on total expenditures. For example, the following represents a summary of contract days for a typical teacher and might be useful in analyzing current year personnel expenditures for certain funds, when compared to the prior year.

Comparison of Teacher Contract Days:

| | Quarter Ending September 30 | Quarter Ending December 31 | Quarter Ending March 31 | Quarter Ending June 30 |
|---|--------------------------------|----------------------------|-------------------------|------------------------|
| YTD Contract days - fiscal year 2016-17 | 37 | 88 | 145 | 186 |
| YTD Contract days - fiscal year 2015-16 | 35 | 88 | 145 | 186 |
| YTD Difference in contract days | 2 | - | - | - |
| % Difference | 5.7% | 0.0% | 0.0% | 0.0% |

In addition, the district employs a large number of hourly employees, who generally only work when students are in school (i.e. bus drivers, food service staff, para-educators). Expenditures for hourly employees are also impacted by the annual payroll calendar and deadlines for processing pay for hourly employees. For example, in one year the November 30 payday might pay hourly employees through November 9, and in another year might pay employees through November 15. The following represents a summary of the number of school days impacting hourly personnel expenditures and might be useful in analyzing current year hourly personnel costs for certain funds, when compared to the prior year.

Comparison of School Days Impacting Hourly Personnel Expenditures:

| | Quarter Ending September 30 | Quarter Ending December 31 | Quarter Ending March 31 | Quarter Ending June 30 |
|---------------------------------------|-----------------------------|----------------------------|-------------------------|------------------------|
| YTD School days - fiscal year 2016-17 | 16 | 74 | 129 | 172 |
| YTD School days - fiscal year 2015-16 | 16 | 74 | 130 | 172 |
| YTD Difference in school days | - | - | (1) | - |
| % Difference | 0.0% | 0.0% | -0.8% | 0.0% |
